Completed application forms, with documentation and support materials, were due in the commission office on September 1, 1992.

The advisory panel will recommend funding amounts to be acted upon by the Kansas Arts Commission at its next quarterly meeting September 25 at the Hays Arts Center, 112 E. 11th, Hays.

The Secretary of Health and Environment is proposing to issue an air emission source construction permit in accordance with K.A.R. 28-19-14 (permits required) to L.G. Pike Construction, Arkansas City, to install and operate a rock crushing plant at the NW

1/4 Sec. 22, T34S, R5E, Cowley County.

Written materials, including the permit application and information relating to the application submitted by L.G. Pike, draft permit, permit summary and analysis by KDHE describing the basis for the proposed permit, are available for public inspection during normal business hours through October 8 by contacting Lynn Ranabargar, KDHE, 1500 W. 7th, Chanute 66720, (316) 431-2390. Kansas Insurance Department

Notice of Hearing on Proposed Administrative Regulations

A public hearing will be held at 10 a.m. Monday, October 12, in the third floor conference room of the Kansas Insurance Department, 420 S.W. 9th, Topeka, to consider the adoption of proposed regulations of the Kansas Insurance Department. Copies of the full text of all or any of the regulations and the economic impact statements may be obtained by writing to the Commissioner of Insurance. The following is a summary of the regulations and includes the economic impact statements:

K.A.R. 40-1-37 is an existing regulation requiring the submission of audited financial reports by insurance companies. Various amendments to this regulation are being proposed to make it more closely parallel the model regulation on the same subject promulgated by the National Association of Insurance Commissioners. The most significant amendments include: (1) prohibition against the same independent certified public accountant rendering the audit report for more than seven consecutive years unless unusual circumstances justify relief from such rotation requirement; (2) requiring certain specified information to be included in or accompany the request to the commissioner for approval of the certified public accountant or firm; and (3) requiring the insurer to notify the commissioner of any resignation or dismissal of the accountant and the reasons therefor.

Because the basic requirement is already in effect, the changes proposed by this regulation will have no fiscal impact on the public or Insurance Department and only a minimal, if any, adverse impact on insurers.

K.A.R. 40-2-12 is an existing regulation governing the replacement of life insurance policies. The substantive proposed amendment is intended to correct an inconsistency between the provisions relating to the right to obtain a premium refund in such regulation and comparable provisions of K.A.R. 40-2-15.

The changes proposed by this regulation will have no measurable economic impact on insurers, agents, the public or the Insurance Department.

K.A.R. 40-3-49 is a new regulation permitting insurers and rating organizations to file a rating rule identifying the specific nature of rates which cannot practicably be filed before they are used.

The changes proposed by K.A.R. 40-3-49 should have no measurable economic impact on insurers, agents, the public or the Insurance Department.

K.A.R. 40-4-37 is an existing regulation governing long-term care insurance products. The proposed amendments to this regulation include a format change which deletes a significant portion of K.A.R. 40-4-37. Concurrently a series of new regulations is proposed which contain the deleted provisions but place them in separate regulations to facilitate administration and future amendments. These new regulations are iden-

tified as K.A.R. 40-4-37a through 40-4-37r. However, in addition to the revised format, the regulations now incorporate various additional provisions that are included in the model long-term care act or regulation promulgated by the National Association of Insurance Commissioners. These additional provisions include: (1) restrictions or prohibitions regarding cancellation or nonrenewal because of the age or health of the insured; (2) provisions relating to home health benefits; (3) limitations on the definition and consideration of preexisting conditions; (4) requirements and disclosures regarding replacement; (5) outline of coverage requirements; (6) an increase in minimum loss ratios; (7) provisions relating to applications and rescissions; (8) a required offer of inflation protection; (9) regulatory requirements applicable to advertisements; and (10) provisions establishing a relationship between agent's compensation arrangements for the first year of a policy compared to subsequent years.

The changes proposed by regulations K.A.R. 40-4-37a, b, c, d, e, f, g, h, i, j, l, m, n, p and r will have no measurable economic impact on insurers, agents,

the public or the Insurance Department.

K.A.R. 40-4-37k will have a favorable economic impact on persons insured under a long-term care insurance policy because it will require a greater portion of the premium dollar to be returned in the form of benefits, but a specific or aggregate amount cannot be quantified. This change will have the reverse economic effect on insurers. It will have no economic impact on the Insurance Department.

K.A.R. 40-4-370 requires the offer of an additional benefit under long-term care policies. To the extent such offer is accepted, insureds will pay and insurers will receive an increased premium. This will produce additional state revenue in the form of premium tax, but the amount will be minimal.

K.A.R. 40-4-37q places limitations on the compensation agents may receive for the sale of long-term care insurance policies. Therefore, depending on existing compensation arrangements, the regulation may have an adverse economic impact on some agents. To the extent this results in lower premiums or avoidance of new waiting periods, insureds will benefit but it is not possible to estimate the amount of this impact. In the aggregate, however, it will not be substantial.

K.A.R. 40-4-40 is a new regulation implementing K.S.A. 1991 Supp. 40-2253, which requires insurers to accept and process claims submitted on a claim form promulgated by the commissioner.

This regulation will have a favorable economic impact on health care providers, insureds and others who submit claims for benefits under health insurance policies, but the extent of such impact is not possible to quantify. It should have no measurable effect on insurers or the Insurance Department.

K.A.R. 40-7-7 is an existing regulation pertaining to agents' licenses. In addition to editorial changes, an amendment is proposed that would subject all officers, directors or employees of a resident agency to the same

certification requirements and fees as are applicable to a resident agent. In addition, the proposed amendments would make K.A.R. 40-7-7 applicable only to

resident agents.

The changes proposed by this regulation will have a favorable economic impact on resident insurance agencies with nonresident agent officers or employees because the certification fee will be reduced for such nonresidents from \$10 to either \$2 or \$5 depending on whether the certification is for a domestic or non-domestic insurer. This ignores any retaliatory effect. This will cause a comparable reduction in the fees collected by the Insurance Department but due to the limited nature of the change such reduction will not be significant. It will have no economic impact on the public.

K.A.R. 40-7-7a is a new regulation which does not change the requirements for obtaining a nonresident agent's license or certification but simply include such requirements in a separate regulation.

The changes proposed by this regulation will have no measurable economic impact on insurers, agents,

the public or the Insurance Department.

K.A.R. 40-7-13 is an existing regulation which establishes the classes, subclasses and procedures pertaining to the qualifying examinations for agents' licenses. The proposed amendment to this regulation deletes "variable contracts" as a class in conformity with 1992 House Bill No. 2771.

Elimination of the separate examination for variable contracts will have a favorable fiscal impact on applicants for authority to sell variable life, universal life or variable annuity products because of the commensurate reduction in examination fees. However, such impact results from the statutory change as opposed to the regulation.

K.A.R. 40-7-19 is being amended to propose various increases in fees for documents or services relating to individual agent records. In addition, the fee for a duplicate cancellation form and re-grading of an agent's examination are being deleted since the services are no longer necessary.

It is estimated the fee increases proposed by this regulation will result in approximately \$25,000 increase in the fees collected by the Insurance Department. Such increases will be paid by the individual agents who request the services or documents for which the fees are charged. There will be no fiscal impact on the public.

K.A.R. 40-8-7 is being amended to implement the new excess lines tax rates established by 1992 House Bill No. 3169.

While the increase in excess lines tax will produce additional revenue and will be paid by Kansas insureds who purchase insurance coverage through the excess lines market, such impact is caused by 1992 House Bill No. 3169. K.A.R. 40-8-7 is simply a vehicle to assist in the law's administration.

K.A.R. 40-9-118 is an existing regulation which governs life insurance advertising. The proposed amend-

ment would adopt the 1988 edition of the model counterpart regulations promulgated by the National Association of Insurance Commissioners.

The changes proposed by this regulation should have no measurable economic impact on insurers, agents, the public or the Insurance Department.

All interested parties may submit written comments prior to the hearing to the Commissioner of Insurance at the address above. The period of time between the date of publication of this notice and the public hearing shall constitute a public comment period for the purpose of receiving written public comments on the proposed regulations. All interested parties will be given a reasonable opportunity to present their views orally on the adoption of the proposed regulations during the hearing.

Redemption of Bonds

Bonds maturing in the years 1994 through 1998, inclusive, shall become due and payable on their respective maturity dates without option of prior call for redemption and payment. Bonds maturing in the year 1999, and thereafter, at the county's option may be called for redemption and payment prior to their respective maturities on and after October 1, 1998. Bonds called for redemption and payment may be called in whole or in part at any time on any interest payment date from and after the first date authorized for redemption. Bonds called for redemption and payment as described herein shall be redeemed at a price equal to the principal amount thereof, plus accrued interest to the date established for such redemption and payment.

If less than all of the bonds outstanding are called for redemption on a specified date, the method of selection of the bonds to be so called shall be designated by the county in such equitable manner as it may determine. If the county elects to call for redemption less than all of the bonds at the time outstanding, it shall, in the case of bonds registered in denominations greater than \$5,000, treat each \$5,000 of face value of a bond so registered as though it were a separate bond in the denomination of \$5,000.

Written notice of any call for redemption and payment of the bonds shall be given by United States registered or certified mail not less than 30 days prior to the date established for such redemption and payment. Such written notice shall be mailed to the paying

continued

agent and to the registered owners of the bonds as shown by the registration books maintained by the bond registrar. Prior to any date established for redemption and payment, the county shall deposit with the paying agent sufficient funds to pay the bonds so called for redemption and payment at the redemption price set forth above and all unpaid and accrued interest thereon to the date of such redemption and payment. Upon the deposit of said funds, and the giving of notice of such redemption and payment as aforesaid, bonds thus called for redemption shall cease to bear interest from and after the date of their redemption and payment.

Conditions of bids

Bids will be received for the bonds bearing such rate or rates of interest as may be specified by the bidder. The same rate will apply to all bonds of the same maturity. Each interest rate specified will be in an even multiple of ½ or ½ of 1 percent. The difference between the highest and lowest rates specified in any bid will not exceed 2.5 percent. No interest rate will exceed the maximum interest rate allowed by Kansas law; said rate being the index of treasury bonds published in *The Bond Buyer*, successor to *MuniWeek*, in New York, New York, on the Monday next preceding the day on which the bonds are sold, plus 2 percent. No bid of less than par and accrued interest will be considered. Bids for less than the entire issue of bonds will not be considered.

Bid Form and Good Faith Deposit

Bids will be submitted on the official bid form furnished by and secured from the county clerk and will be addressed to the county at the Jackson County Courthouse, Holton 66436, Attention: County Clerk, Karen Parrett, and will be plainly marked "BOND BID." No changes to said form are authorized; changes or erasures thereon may cause rejection of any bid. Each bid will specify the total interest cost to the county on the basis of such bid and the average annual net interest rate on the basis of such bid. The net interest cost to the county will be determined by subtracting the amount of the premium, if any, from the total interest cost upon all the bonds from their date until their respective maturities and will be stated as a dollar amount in the bid. The county will be entitled to rely on such dollar amount as stated in the bid as the basis of determining the lowest net interest cost. If there is any discrepancy between the said net interest cost and the average annual interest rate specified, the specified net interest cost will govern and the rates specified in the bid will be adjusted accordingly.

All bids must state: (1) the total interest cost of the bid; (2) the premium, if any; (3) the net interest cost of the bid; and (4) the average annual interest rate. All of said information shall be certified by the bidder to be correct, and the county will be entitled to rely on the certification of correctness by the bidder. Each bid must be accompanied by a certified or cashier's check equal to 2 percent of the total amount of the bid, and shall be payable to "Treasurer, Jackson

County, Kansas." In the event a bidder whose bid is accepted shall fail to perform under his contract for the purchase of the bonds from the county, said deposit shall be retained by the county as liquidated damages. All checks of unsuccessful bids will be returned promptly. No interest will be paid upon the deposit made by the successful bidder.

Award of Bids

The sealed bids for the bonds will be opened publicly and only at the time and place specified in this notice. The county reserves the right to reject any and all of the bids, and to waive any irregularities. Unless all bids are rejected, the bonds will be awarded to the bidder whose proposal results in the lowest net interest cost to the county.

Delivery of the Bonds

The bonds, duly printed, executed and registered, will be furnished and paid for by the county. The bonds will be sold subject to the unqualified approving opinion of Jonathan P. Small, Chartered, bond counsel, of Topeka, Kansas, a copy of whose opinion will be printed on the reverse side of each bond. Manually signed originals of the opinion will be furnished without expense to the purchaser of the bonds at the delivery thereof. The cost of this legal opinion and the expense of printing the bonds will be paid by the county. Said legal opinion will contain a statement to the effect that the bonds constitute a general obligation of the county payable as to both principal and interest from ad valorem taxes which may be levied without limitation as to rate or amount upon all of the taxable tangible property within the territorial limits of the county. The opinion will also address the exclusion from federal and Kansas income taxation of the interest on the bonds.

The denomination of the bonds and the names, addresses and Social Security or taxpayer identification numbers of the registered owners to be shown on the bonds initially delivered shall be submitted in writing by the successful bidder to the county and bond registrar not later than 5 p.m. C.D.T. on October 6, 1992. In the absence of such information, the county will deliver the bonds in the denomination of each maturity registered in the name of the successful bidder.

The successful bidder shall furnish the county by the date of delivery of the bonds a certificate acceptable to the county's bond counsel which sets forth the initial reoffering price of the bonds to the public.

The purchaser will be furnished with a complete transcript of proceedings evidencing the authorization and issuance of the bonds and the usual closing proofs, which will include a certificate that there is no litigation pending or threatened at the time of delivery of the bonds affecting their validity. Payment for the bonds will be made in immediately available funds. Delivery of the bonds will be made to the successful bidder on or before October 21, 1992 at any bank in the state of Kansas or Kansas City, Missouri, at the expense of the county. Delivery elsewhere will be made at the expense of the purchaser. The purchase price, together with any premium and accrued interest from the date

of the bonds to the date of delivery, will be paid at delivery or the good faith deposit will be forfeited.

Tax Exemption and Qualified Tax-Exempt Obligations

It is the opinion of bond counsel that provided the county complies at all times with the bond resolution and applicable existing law, the interest on the bonds is: (1) excludable from gross income for federal income tax purposes, and (2) is not an item of tax preference for purposes of the federal alternative minimum tax imposed on individuals and corporations. However, such interest with respect to corporations as defined for federal income tax purposes, is taken into account in determining adjusted net book income (adjusted current earnings for taxable years ending after December 31, 1989) for the purpose of computing the alternative minimum tax imposed on such corporations. The exclusion identified in the preceding clause (1) is subject to compliance by the county with all requirements of the Internal Revenue Code of 1986, as amended, which must be satisfied subsequent to issuance of the bonds in order for the interest on the bonds to qualify for such exclusion. Failure to comply with certain of such requirements could cause the interest on the bonds to be so included in federal gross income retroactive to the date of issuance of the bonds. The county will convenant to comply with all such requirements. Bond counsel expresses no opinion regarding other federal tax consequences arising with respect to the bonds.

Prospective bidders for the purchase of the bonds should be aware that: (1) Section 265 of the code denies a deduction for interest on indebtedness incurred or continued to purchase or carry the bonds, or, in the case of a financial institution within the meaning of Section 265(b)(5) of the code, that portion of a bondholder's interest expense allocable to the interest on the bonds; (2) with respect to insurance companies subject to the tax imposed by Section 831 of the code, for taxable years beginning after December 31, 1986, Section 832(b)(5)(B)(i) of the code reduces the deduction for loss reserves by 15 percent of the sum of certain items, including interest on the bonds; (3) for taxable years beginning after December 31, 1986, and prior to January 1, 1992, interest earned on the bonds by some corporations could be subject to the environmental tax imposed by Section 59A of the code; (4) for taxable years beginning after December 31, 1986, the interest earned on the bonds by certain foreign corporations doing business in the United States could be subject to a branch profits tax imposed by Section 884 of the code; (5) passive investment income, including interest on the bonds, may be subject to federal income taxation under Section 1375 of the code for Subchapter S corporations that have Subchapter C earnings and profits at the close of the taxable year if more than 25 percent of the gross receipts of such Subchapter S corporation is passive investment income; and (6) Section 86 of the code requires recipients of certain Social Security and railroad retirement benefits to take into account in determining gross income, receipts or accruals of interest on the bonds. These categories of prospective bondowners should consult their own tax advisers as to the applicability of any of these consequences.

The bonds are exempt from intangible personal property taxes levied by Kansas counties, cities and townships. Interest on the bonds is excludable from the computation of Kansas adjusted gross income.

The county will convenant to take such actions as are necessary to designate the bonds as "qualified tax-exempt obligations" within the meaning of Section 265(b)(3) of the code, and, in the case of certain financial institutions within the meaning of Section 265(b)(5) of the code, a deduction is allowed for 80 percent of that portion of such financial institution's interest expense allocable to interest on the bonds.

Purpose and Security for the Bonds

These bonds are being issued pursuant to K.S.A. 1991 Supp. 68-1103, for the purpose of financing a portion of the cost of certain bridge improvements in Jackson County, Kansas.

The bonds and the interest thereon will constitute general obligations of the county, payable as to both principal and interest from ad valorem taxes which may be levied without limitation as to rate or amount upon all of the taxable tangible property within the territorial limits of the county.

Assessed Valuation and Bonded Indebtedness

The county's equalized assessed valuation of the taxable tangible property within the county for the year 1992 for the computation of limits upon bonded indebtedness is:

Assessed valuation.......\$41,235,018
Taxable value of Motor Vehicles....\$7,920,032
Equalized assessed tangible
valuation for computation
of bonded debt limitation\$49,155,050

The total general obligation bonded indebtedness of the county as of this date is \$1,764,000, and it includes \$109,000 in temporary notes which will be paid off with this proposed issue of bonds. Said indebtedness does not include this \$259,853 proposed issue of bonds.

Official Information

Notice of Bond Sale
\$4,843,280
Leavenworth County, Kansas
General Obligation Bonds
Series 1992
(U.S. Highway 24-40 Project)

Sealed Bids

Sealed bids for the purchase of \$4,843,280 principal amount of General Obligation Bonds, Series 1992 (U.S. Highway 24-40 Project), of the county hereinafter described, will be received by the undersigned, county clerk of Leavenworth County, Kansas, on behalf of the governing body of the county at Leavenworth County Courthouse until 10 a.m. C.D.T. on Thursday, September 10, 1992. All bids will be publicly opened and read at said time and place and will be acted upon by the county immediately thereafter. No oral or auction bids will be considered.

Bond Details

The bonds will consist of fully registered bonds without coupons in the denomination of \$5,000 or any integral multiple thereof. The bonds will be dated October 1, 1992, and will become due serially on October 1 in the years as follows:

Year	Principal Amount
1993	\$218,280
1994	680,000
1995	725,000
1996	755,000
1997	785,000
1998	820,000
1999	860,000

The bonds will bear interest at rates to be determined when the bonds are sold as hereinafter provided, which interest will be payable semiannually on April 1 and October 1 in each year, beginning on October 1, 1993.

Place of Payment and Bond Registration

The principal of and interest on the bonds will be payable in lawful money of the United States of America by check or draft of the Kansas State Treasurer, Topeka, Kansas (the paying agent and bond registrar). The principal of the bonds will be payable at maturity or upon earlier redemption to the registered owners upon presentation and surrender of the bonds at the office of the paying agent. Interest on the bonds will be paid by check or draft mailed by the paying agent to the persons in whose names the bonds are registered on the registration books maintained by the bond registrar at the close of business on the record date for such interest, which shall be the 15th day (whether or not a business day) of the calendar month next preceding such interest payment date.

The county will pay for the fees of the bond registrar for registration and transfer of the bonds and will also pay for printing a reasonable supply of registered bond blanks. Any additional costs or fees that might be incurred in the secondary market, other than fees of the bond registrar, will be the responsibility of the bondholders.

Redemption of Bonds Prior to Maturity

At the option of the county, bonds maturing on October 1, 1998, and thereafter will be subject to redemption and payment prior to maturity on October 1, 1997, and thereafter in whole or in part on any interest payment date (bonds of less than a single maturity to be selected by lot in multiples of \$5,000 principal amount by the paying agent and bond registrar in such equitable manner as it shall designate), at the principal amount thereof, plus accrued interest to the redemption date, without premium.

Whenever the county is to select the bonds for the purpose of redemption, it shall, in the case of bonds in denominations greater than \$5,000, if less than all of the bonds then outstanding are to be called for redemption, treat each \$5,000 of face value of each such fully registered bond as though it were a separate bond of the denomination of \$5,000.

If the county shall elect to call any bond for redemption and payment prior to the maturity thereof, the county shall give written notice of its intention to redeem and pay said bonds on a specified date, the same being described by number and maturity, said notice to be mailed by United States certified mail to the paying agent and bond registrar, and to the manager or managers of the underwriting account making the successful bid, each of said notices to be mailed at least 30 days prior to the redemption date. Thereafter the paying agent and bond registrar will notify the owners of the bonds of the county's redemption call by United States mail, postage prepaid. If any bond be called for redemption and payment as aforesaid, all interest on such bond shall cease from and after the date for which such call is made, provided funds are available for its payment at the price hereinbefore specified.

Conditions of Bids

Proposals will be received on the bonds bearing such rate or rates of interest as may be specified by the bidders, subject to the following conditions: The same rate shall apply to all bonds of the same maturity. Each interest rate specified shall be a multiple of 1/8 or 1/20 of 1 percent. No interest rate shall exceed the index of treasury bonds published by The Bond Buyer, successor to MuniWeek, in New York, New York, on the Monday next preceding the day on which the bonds are sold, plus 2 percent. The difference between the highest rate specified and the lowest rate specified shall not exceed 2 percent. No supplemental interest payments will be authorized. No bid of less than the principal amount of the bonds and accrued interest will be considered. Each bid shall specify the total interest cost to the county during the life of the bond issue on the basis of such bid, the premium, if any, offered by the bidder, and the net interest cost to the county on the basis of such bid. Each bid shall also specify the average annual net interest rate to the county on the basis of such bid. Bidders shall specify

in the bid form the prices (exclusive of accrued interest), expressed as a dollar price, at which the bidder intends that each maturity amount of the bonds shall be initially offered to the public (the initial reoffering prices).

Basis of Award

The award of the bonds will be made on the basis of the lowest net interest cost to the county, which will be determined by subtracting the amount of the premium bid, if any, from the total interest cost to the county. If there is any discrepancy between the net interest cost and the average annual net interest rate specified, the specified net interest cost shall govern and the interest rates specified in the bid shall be adjusted accordingly. If two or more proper bids providing for identical amounts for the lowest net interest cost are received, the county shall determine which bid, if any, shall be accepted, and its determination shall be final.

Security for the Bonds

The bonds will be general obligations of the county payable as to both principal and interest from ad valorem taxes which may be levied without limitation upon all the taxable tangible property, real and personal, within the territorial limits of the county.

Internal Revenue Code of 1986

The Internal Revenue Code of 1986 imposes requirements on the county which must be met subsequent to the issuance of the bonds by the county and, as a result, the county will and does hereby covenant that it will diligently undertake those steps necessary to maintain the tax-exempt status of the bonds. The county's failure to comply with such requirements could adversely affect the tax-exempt status of the bonds. Purchasers of the bonds should be aware that should the bonds lose their status as tax-exempt obligations as a result of the county's failure to comply with such requirements, the bonds are neither callable nor will the rate of interest on the bonds be adjusted to reflect such circumstances.

The code includes interest on tax-exempt obligations, such as the bonds, in the adjusted current earnings of certain corporations in the calculation of alternative minimum taxable income, with certain other adjustment. Furthermore, Section 59A of the code, as added by the Superfund Amendments and Reauthorization Act of 1986, provides for a new environmental tax generally based on corporate alternative minimum taxable income. The amount of the tax is equal to 0.12 percent of the excess of alternative minimum taxable income, without regard to net operating losses and the deduction for this tax, over \$2 million. The environmental tax is imposed whether or not the taxpayer is subject to the alternative minimum tax. The environmental tax may subject certain bondowners to additional taxation for interest earned on the bonds.

The code also requires property and casualty insurance companies to reduce the amount of their deductible underwriting losses by a percentage of the amount of tax-exempt interest received or accrued on such obligations. With the exception of certain "qualified tax-exempt obligations," the code provides that banks and thrift institutions may not deduct any portion of the interest cost of purchasing or carrying taxexempt obligations such as the bonds. The county *does* intend to designate the bonds as "qualified tax-exempt obligations" under Section 265 of the code.

Legal Opinion

The bonds will be sold subject to the legal opinion of Nichols and Wolfe Chartered, Topeka, Kansas, bond counsel, whose approving legal opinion as to the validity of the bonds will be furnished and paid for by the county, printed on the bonds and delivered to the successful bidder when the bonds are delivered. Said opinion will also state that in the opinion of bond counsel, assuming continued compliance by the county with the provisions of the ordinance authorizing the issuance of the bonds and the code, under existing law, the interest on the bonds is exempt from federal income taxation. Interest on the bonds will also be excludable from the computation of Kansas adjusted gross income.

Delivery and Payment

The county will pay for printing the bonds and will deliver the bonds, without cost to the successful bidder, properly prepared, executed and registered, on or about October 5, 1992, at such bank or trust company in the state of Kansas or greater Kansas City, Missouri, metropolitan area as may be specified by the successful bidder. Delivery elsewhere will be at the bidder's expense. Said bidder will also be furnished with a certified transcript of the proceedings evidencing the authorization and issuance of the bonds and the usual closing documents, including a certificate that there is no litigation pending or threatened at the time of delivery of the bonds affecting their validity and a certificate regarding the completeness and accuracy of the official statement. Payment for the bonds shall be made in Federal Reserve funds, immediately subject to use by the county. The denominations of the bonds and the names, addresses and Social Security or taxpayer identification numbers of the registered owners shall be submitted in writing by the successful bidder to the county and bond registrar not later than 5 p.m. C.D.T. on September 25, 1992. In the absence of such information, the county will deliver bonds in the denomination of each maturity registered in the name of the successful bidder.

The successful bidder shall furnish the county by 5 p.m. C.D.T. on September 25, 1992, a certificate acceptable to the county's bond counsel to the effect that (i) the successful bidder has made a bona fide public offering of the bonds at the initial reoffering prices, and (ii) a substantial amount of the bonds was sold to the public (excluding brokers and other intermediaries) at such initial reoffering prices. Such certificate shall state that: (1) it is made on the best knowledge, information and belief of the successful bidder, and (2) 10 percent or more in par amount of the bonds of each maturity was sold to the public at or below the initial reoffering prices (such amount being sufficient to establish the sale of a "substantial amount" of the bonds).

Good Faith Deposit

Each bid shall be accompanied by a cashier's or certified check drawn on a bank located in the United States of America in the amount of \$96,865.60, payable to the order of the county to secure the county from any loss resulting from the failure of the bidder to comply with the terms of the bid. No interest will be paid upon the deposit made by the successful bidder. Said check shall be returned to the bidder if the bid is not accepted. If a bid is accepted, said check shall be held by the county until the bidder shall have complied with all of the terms and conditions of this notice. at which time said check shall, at the option of the county, be returned to the successful bidder or deducted from the purchase price. If a bid is accepted but the county shall fail to deliver the bonds to the bidder in accordance with the terms and conditions of this notice, said check shall be returned to the bidder. If a bid is accepted but the bidder shall default in the performance of any of the terms and conditions of this notice, the proceeds of such check shall be forfeited to the county, and the county reserves the right to pursue any consequential damages as a result of such default.

CUSIP Numbers

CUSIP identification numbers will be printed on the bonds, but neither the failure to print such number on any bond nor any error with respect thereto shall constitute cause for failure or refusal by the purchaser thereof to accept delivery of and pay for the bonds in accordance with the terms of this notice. All expenses in relation to the assignment and printing of CUSIP numbers on the bonds will be paid by the county.

Bond Ratings

The outstanding general obligation bonds of the county are rated "A1" by Moody's Investors Service, and the county has applied for rating on the bonds herein offered for sale.

Bid Forms

All bids must be made on forms which may be procured from the county clerk. No additions or alterations in such forms shall be made and any erasures may cause rejection of any bid. The county reserves the right to waive irregularities and to reject any or all bids.

Submission of Bids

Bids must be submitted in sealed envelopes addressed to the undersigned county clerk and marked "Proposal for the Purchase of General Obligations Bonds." Bids may be submitted by mail or delivered in person to the undersigned at Leavenworth County Courthouse and must be received by the undersigned prior to 10 a.m. C.D.T. on Thursday, September 10, 1992.

Date and Delivery of Preliminary and Final Official Statement

The county has authorized the preparation and disbursement of a preliminary official statement containing information relating to the bonds. The preliminary official statement comprises the final official statement required by Rule 15c2-12 of the Securities and Exchange Commission.

The preliminary official statement, when amended to include the interest rates specified by the purchaser and the price or yield at which the purchaser will reoffer the bonds to the public, together with any other information required by law, will constitute a "Final Official Statement" with respect to the bonds as that term is defined in Rule 15c2-12. No more than seven business days after the date of the sale, the county will provide without cost to the purchaser such reasonable number of printed copies of the final official statement and further copies, if desired, will be made available at the purchaser's expense. If the sale of the bonds are awarded to a syndicate, the county will designate the senior managing purchaser of the syndicate as its agent for purposes of distributing copies of the final official statement to each participating purchaser. Any purchaser executing and delivering a bid form with respect to the bonds agrees thereby that if its bid is accepted it shall accept such designation and shall enter into a contractual relationship with all participating purchasers for the purpose of assuring the receipt and distribution by each such participating purchaser of the final official statement.

The county will deliver to the purchaser on the date of delivery of the bonds a certificate executed by the chairman and the county clerk to the effect that the final official statement, as of the date of delivery of the bonds, does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in the light of the circumstances in which they are made, not misleading.

Copies of the county's preliminary official statement relating to the bonds may be obtained from the county clerk or the county's financial advisor, Dougherty, Dawkins, Strand & Bigelow Incorporated, 1050 17th St, Suite 1400, Denver, CO 80265, (303) 534-5577.

Assessed Valuation and Indebtedness

The total assessed valuation of the taxable tangible property within the county for the year 1992 \$200,621,116. The total general obligation bonded indebtedness of the county as of the date of the bonds, including the bonds, is \$6,858,280, as described in the county's preliminary official statement relating to said notes, copies of which may be obtained from the county clerk or the financial advisor. In accordance with the financial advisor's agreement with the county, the financial advisor will be submitting a bid or participating in a group submitting a bid for the purchase of the bonds.
